DEPARTMENT OF BANKING AND INSURANCE,  
DIVISION OF INSURANCE, BOSTON, Sept. 1, 1922.

*To the General Court of Massachusetts.*

In accordance with the provisions of the General Laws, chapter 175, section 17, Part II of the sixty-seventh annual insurance report is hereby submitted. Information is contained herein relative to life insurance companies and all other insurance companies transacting business in this Commonwealth except fire and marine insurance companies, the report of which is contained in Part I.

It will be noted that in the report of this year the schedules of bonds and stocks owned by life insurance companies organized outside of this Commonwealth have been omitted. These schedules are printed in the reports of the States of incorporation, and the complete schedules are on file with the Department and may be consulted by any persons interested. A similar course was pursued some years ago in case of fire and marine companies of other States.

Since Aug. 18, 1921, the date of the corresponding volume of the previous report of this Department, the American Automobile Insurance Company of St. Louis, Mo., was admitted on June 13, 1922, to write automobile liability collision and property damage insurance with a paid-up capital of \$300,000, and the Security Mutual Life Insurance Company of Binghamton, N. Y., on June 21, 1922, was authorized to write life insurance. The Masonic Mutual Accident Insurance Company of Springfield was reincorporated as a stock company on Sept. 2, 1921, with a capital of \$100,000, and on September 15 changed its name to Masonic Accident Insurance Company. The corporate name of the Red Men's Fraternal Accident Association of America of Westfield, Mass., was changed to United Casualty Company on Feb. 4, 1922, and that of the Masonic Protective Association to the Massachusetts Protective Association, Incorporated, on Feb. 6, 1922.

## LEGISLATION.

The statutes affecting companies of the classes comprehended in this volume are printed as a part of this report as required by law. Comment has been made on all of these with the exception of chapter 75 of the Acts of the year 1922, entitled An Act relative to the Contestability of Life Insurance Policies. This chapter amends the incontestability clause required to be inserted in life insurance policies, so that the policy must be in force during the lifetime of the insured for a period of two years from its date of issue before it becomes incontestable. This law was enacted in consequence of certain decisions to the effect that where a person dies before the expiration of the two years the benefit of the incontestability clause can be reaped by doing nothing toward the adjustment of his estate until the expiration of the two years.

## LIFE INSURANCE.

Life insurance during the year 1921 registered notable gains, although the rate of increase showed a falling off in the preceding years. Exclusive of revivals and increases the companies reporting in Massachusetts wrote 7,971,908 new policies aggregating \$5,682,408,001 new insurance, divided as follows:—

	Number of Policies.	Amount.
Ordinary . . . . .	1,856,408	\$4,416,578,772
Weekly premium . . . . .	6,114,791	1,157,508,939
Group . . . . .	709	108,320,290
Total . . . . .	7,971,908	\$5,682,408,001

This compares with 7,677,488 policies written in 1920 aggregating \$6,737,874,207. Terminations from all causes, including lapse and surrender, were 5,608,459 policies amounting to \$3,923,476,405, divided as follows:—

	Number of Policies.	Amount.
Ordinary . . . . .	1,167,047	\$2,349,006,803
Industrial . . . . .	4,440,695	842,198,114
Group . . . . .	717	732,271,488
Total . . . . .	5,608,459	\$3,923,476,405

This compares with 3,947,147 policies terminated in 1920 aggregating \$2,817,248,718.

The amount of insurance in force increased from \$33,776,282,777 to \$36,724,509,765. The only class of business to show a decrease was group insurance, which naturally parallels industrial conditions.

The investments of insurance companies have during the past year been the subject of rather unusual attention. A table is subjoined showing the distribution of the admitted assets of the companies doing business in Massachusetts during the years 1912 to 1921, inclusive. Covering, as it does, a period when investment conditions have been decidedly abnormal, this table is not without interest.

YEAR.	Admitted Assets.	Bonds.	Mortgages on Real Estate.	Policy Loans.	Real Estate.	Deferred and Uncollected Premiums.	Cash in Offices and Banks.	Stocks.	Interest and Rent Due and Accrued.	Premium Notes.	Collateral Loans.	All Other.
1912	\$4,020,940,470	44.51	31.95	12.69	3.56	1.38	1.25	2.35	1.34	.59	.31	.07

1914	4,462,634,436	42.71	32.62	14.24	2.85	1.44	1.92	1.82	1.42	.59	.31	.08

1917	5,361,710,388	45.92	31.35	12.94	2.55	1.54	1.59	1.59	1.51	.54	.25	.22
1918	5,813,963,404	49.87	29.38	11.97	2.29	1.44	1.16	1.43	1.52	.49	.20	.25
1919	6,001,060,473	51.75	28.23	11.35	2.01	1.66	1.43	1.30	1.45	.47	.27	.08
1920	6,455,888,530	49.56	30.39	11.48	1.83	1.89	1.20	1.28	1.50	.47	.37	.03
1921	6,963,191,662	46.59	32.50	12.37	1.81	1.93	1.23	1.16	1.60	.52	.27	.02

The significant points in this table are —

*First.* — The increase in admitted assets aggregating nearly three billions of dollars. While this is affected by the change in the method of valuing bonds from the basis of market values to the basis of amortized values, and by the adoption of an artificial standard of market values during the abnormal conditions produced by the war, which has not yet been brought down to real market values, nevertheless, the greater part of this increase is real and substantial.

*Second.* — The notable increase in bond investments during the period of 1914 to 1919 especially during the years 1916–19.

*Third.* — The relative decrease in the proportion of mortgage loans during the same period and a notable increase during the years 1920 and 1921.

*Fourth.* — The decreasing relative importance of investments in real estate and stocks.

These points may be more nearly shown by an exhibit of the quantitative values:—

YEARS.	Bonds.	Mortgages on Real Estate.	Policy Loans.	Real Estate.	Stocks.
1912 . . . . .	\$1,789,743,821	\$1,284,808,906	\$510,044,314	\$142,905,671	\$94,409,311
1913 . . . . .	1,791,521,664	1,392,697,275	572,720,836	133,424,866	84,612,938
1914 . . . . .	1,906,003,599	1,455,516,146	635,269,620	127,212,502	81,052,578
1915 . . . . .	2,028,810,249	1,504,681,093	668,757,642	125,609,258	82,275,570
1916 . . . . .	2,239,429,354	1,581,699,416	671,360,293	125,499,595	85,079,962
1917 . . . . .	2,462,441,579	1,681,095,285	693,844,372	136,710,160	85,156,354
1918 . . . . .	2,899,232,644	1,708,428,437	696,114,941	133,369,127	83,173,462
1919 . . . . .	3,105,809,125	1,693,984,539	681,005,225	120,607,147	77,879,994
1920 . . . . .	3,199,577,370	1,961,847,067	740,940,734	118,346,039	82,492,032
1921 . . . . .	3,243,295,233	2,262,763,449	861,953,269	125,986,097	80,793,493

It therefore appears that the main elements of the increase in admitted assets are as follows:—

Bonds . . . . .	\$1,453,551,412
Mortgages . . . . .	977,954,543
Policy loans . . . . .	351,908,955

An examination of the bond schedules of the companies doing business in Massachusetts in both the years 1912 and 1921 indicates the following facts as to the several classifications of bonds:—

BONDS.	1912.	1921.	Increase.
United States government . . . . .	\$616,180 00	\$794,497,176 98	\$793,880,996 88
Railroad . . . . .	1,386,918,272 83	1,690,814,664 49	303,896,391 56
State, county and municipal . . . . .	214,482,251 08	410,839,775 78	196,357,524 70
Foreign government . . . . .	65,543,427 06	167,595,174 00	102,451,746 94
Miscellaneous . . . . .	119,970,589 48	177,626,018 07	57,655,428 59

It therefore appears that of the approximately three billion dollars increase in admitted assets, about one-third is represented by investments in mortgages, one-third in bonds of the United States and of States, counties and municipalities, a little more than one-ninth in policy loans, and a little less than two-ninths in railroad bonds, foreign bonds and other investments.

This, it is hardly necessary to say, is the resultant of conditions decidedly abnormal. How widely those conditions have varied, how rapidly, and what a profound effect they have had upon the investment policies of the companies may be seen by comparing the three years 1916-19 and the two years 1920-21. In each of these periods the gain in admitted assets was about the same. In the first period the distribution of gains in admitted assets was, in round numbers, \$10,000,000 in policy loans, \$114,000,000 in mortgage loans, and \$866,000,000 in bonds. In the second period the corresponding figures were \$181,000,000 in policy loans, \$569,000,000 in mortgage loans, and \$137,000,000 in bonds.

Two lines of investment which have heretofore been the objects of legislative restriction, namely, investments in real estate and in stocks, appear not only to have decreased in relative importance but in actual value. It remains to be seen whether recent legislation in New York will be copied by other States and adopted so generally by the companies as to make investments in real estate for residential purposes a major item of their investments.

Investment policies are normally dictated by the requirements of the companies and by general economic conditions, the first having to do with the character of the investments desired, the second with the amount of such investments available and the terms upon which they can be secured. The first of these considerations can, and not infrequently is, modified by legislation, but such legislation cannot ignore economic conditions, and unless carefully adapted to the needs of the companies may readily work an injury to the companies or to the community or to both.

The main features of the Massachusetts investment law were enacted some years ago, and have been only slightly modified in recent years. It was, on the whole, wisely and prudently conceived regarding conditions then prevailing. It prescribes the investment of three-quarters of the reserve of life companies in the following classes of securities: —

1. Bonds of the United States.
2. Bonds of the District of Columbia.
3. Bonds of the several States.
4. Municipal bonds.
5. Bonds and notes of railroads and street railways located wholly or partly in the United States.
6. Mortgages on real estate.
7. Real property necessary for convenient accommodation in the transaction of the company's business.
8. Policy loans.
9. Loans secured by collateral security consisting of any of above.

Of these classes, government bonds, State bonds and municipal bonds are undoubtedly high-grade investment securities, but under normal conditions produce a relatively low rate of return. Railroad bonds under present conditions can be invested in only with great discrimination. The investment law is unfortunately hardly broad enough to admit of investment in equipment trust notes, at present perhaps the most attractive securities on the market. Investment in real property is strictly limited. Investment in policy loans is entirely beyond the control of the companies, and follows rather closely industrial and financial conditions. Loans secured by collateral security are apparently not well adapted to the requirements of the companies, as the amounts of those loans outstanding constitute but a small part of the companies' investments. The result of this is that the Massachusetts companies hold a larger proportion of mortgage investments than the companies of other States. This situation is not without its advantages, but there is, of course, a danger point beyond which the companies cannot invest in mortgages without prejudice to their ability to meet emergency calls for ready money. Such calls may arise on account of epidemics producing abnormal losses, or on account of financial stringency producing an abnormal demand for cash surrenders and policy loans.

Assuming that a certain part of the funds should properly be invested in interest-bearing securities, it would appear advisable to include in the list of authorized investments such securities as are commonly recognized as sound. It would appear entirely conservative to authorize investments in the securities of lighting and power companies, telephone and telegraph companies, and also in railroad equipment trust notes. This would permit the companies to acquire a more varied and remunerative class of investments than is possible under the present law.

## WORKMEN'S COMPENSATION.

Since the date of the previous report the following companies have been authorized to transact workmen's compensation insurance in this Commonwealth: Utilities Mutual Insurance Company of New York and the Phoenix Indemnity Company of New York.

There has been no substantial change in classifications or rates during the present year.

During the year complaint was made that the companies were using hospital allowances as a basis for competition. Investigation was made and sufficient evidence secured to indicate that the complaint was well founded, and that practices exist tending to mislead employers by offering an apparent advantage which really operated to their disadvantage and which approached the line of rebating. At the request of the Commissioner, the Massachusetts Rating and Inspection Bureau gave the matter careful study, and formulated certain rules which were promulgated by the Commissioner to take effect June 30, 1922. These rules were as follows:—

RULES TO BE OBSERVED IN ALL CASES WHERE AN ASSURED MAINTAINS A PLANT HOSPITAL OR DISPENSARY WHICH FURNISHES MEDICAL OR HOSPITAL SERVICES TO EMPLOYEES INJURED UNDER THE COMPENSATION STATUTE.

1. No stipulated amount or agreement for reimbursement shall be guaranteed in advance.

2. The amount to be paid by the insurance carrier for medical and hospital services shall be subject to adjustment at the close of the policy term, and shall not exceed the actual amount of services rendered under the Compensation Statute.

3. The insurance carrier must not pay for the installation of permanent fixtures or plumbing.

4. No allowance shall be made for the maintenance of a first-aid kit.

Subject to Rules 1 to 4, the insurance carrier may—

5. Loan movable surgical equipment to an assured.

6. Furnish necessary medical and surgical supplies to an assured, for use in the plant hospital or dispensary.

In all cases where an allowance is made to an assured the insurance carrier must—

7. Report to the Massachusetts Insurance Department all expenditures for medical and surgical allowances in Schedule Z according to the requirements pertaining thereto.

8. Report to the Massachusetts Rating and Inspection Bureau all expenditures for medical and hospital services in any experience rating data furnished according to the rules set forth in the Plan of Experience Rating.

9. Avoid discrimination between assureds.

These rules supplement those promulgated by this Department effective as of May 1, 1919, as a result of the findings when the subject was previously considered.

The audit of Schedule Z shows that the loss ratio of the companies on policies issued during the year 1920 on the basis of the law as it stood Jan. 1, 1920, and the rates in effect as of the same date, was 49 per cent. This indicates an increase over that produced for the experience of policies issued during the year 1919. During the year 1920 the stock companies exhibited a loss ratio of 51 per cent and the mutual companies a loss ratio of 46 per cent. The change in business conditions has been reflected in the reduced premium income and increased loss and expense ratios, which are probably, however, nearer a true normal than the experience of the past few years.

The expense ratios of the various companies have been determined according to the usual procedure, and are shown by Schedule W for the calendar year 1921, as follows:—

*Expense Ratios for 1921, Schedule W (Workmen's Compensation Business in Massachusetts).*

This indicates an average expense ratio for stock companies of 43.62 per cent, an increase of 4.81 per cent, and for mutual companies an average expense ratio of 24.80 per cent, an increase of 8.3 per cent. The average for all companies was 35.66 as against 28.48 for the preceding year.

## REPORTS OF RECEIVERS OF INSURANCE COMPANIES AND FRATERNAL INSURANCE CORPORATIONS.

---

*New England Equitable Insurance Company.* — Harry H. Ham, 30 Oliver Street, Boston, receiver. Walter H. West, the former receiver, submitted a report covering the period from April 17, 1921, to Jan. 24, 1922. The report indicates gross assets of \$758,367.64 and liabilities of \$574,749.76, leaving a balance of \$183,617.88. This compares with a balance shown by the last report of \$189,730.76. As indicated in the last report, there appears to be no immediate prospect of the receiver being in a position to pay claims.

*Supreme Colony, United Order of Pilgrim Fathers.* — Henry M. Hutchings, 1104 Tremont Building, Boston, receiver; appointed Sept. 25, 1917. The receiver indicates that the payments ordered by the decree of March 30, 1921, have been made to all beneficiaries who could be located, and that there is in his hands cash on deposit at the State Street Trust Company, Boston, amounting, under date of Sept. 1, to \$1,195.38.

## CHAPTER 494.

## AN ACT RELATIVE TO FRATERNAL BENEFIT SOCIETIES WHOSE MEMBERSHIP IS LIMITED TO MEMBERS OF TRADE UNIONS AND LIKE ORGANIZATIONS.

*Whereas*, The deferred operation of this act would tend to deprive certain societies of the rights to which they were previously entitled by law and hence to defeat its purpose, therefore it is hereby declared to be an emergency law, necessary for the immediate preservation of the public convenience.

*Be it enacted, etc., as follows:*

Section forty-six of chapter one hundred and seventy-six of the General Laws, as amended by section one of chapter one hundred and fifty-five of the acts of nineteen hundred and twenty-one, is hereby further amended by inserting after the word "member" in the twenty-sixth line the words:—, and a society either domestic or foreign which confines its membership to members of organizations defined in the second sentence of section twenty-nine of chapter one hundred and seventy-five, and which embraces therein only persons of the same occupation, — so as to read as follows:— *Section 46.* A domestic society which limits its membership as provided in section four, or which limits its membership to the members and ex-members of any social organization having a lodge system and secret form of work; or a secret order or fraternity which operates on the lodge system with a representative form of government and grants insurance benefits as incidental only to the work of the order or fraternity; or a purely charitable association or corporation existing on May twenty-third, nineteen hundred and one, any one of which pays a death or funeral benefit limited to not more than two hundred dollars, disability benefits not exceeding ten dollars a week, or any or all of such benefits or a domestic society which limits its membership as provided in said section four to the employees of a designated firm, business house or corporation, or any department thereof, and pays disability benefits not exceeding fifteen dollars a week, and which is not conducted as a business enterprise or for profit, and a subordinate lodge of a secret fraternity or order as defined in this section which is not conducted as a business enterprise or for profit, which pays death benefits to families or dependents of deceased members as fixed by its by-laws, but not more than two hundred dollars if the lodge membership is two hundred or less, and if over two hundred not in excess of the amount of an assessment of one dollar upon each member thereof in good standing at the time of the death of the member, and a society either domestic or foreign which confines its membership to members of organizations defined in the second sentence of section twenty-nine of chapter one hundred and seventy-five, and which embraces therein only persons of the same occupation, may transact business in the commonwealth without conforming to the provisions of this chapter, chapter one hundred and seventy-five, or chapter one hundred and seventy-seven, except this section and sections twenty-nine, thirty and thirty-six; provided that no proceeding shall be instituted under said section thirty-six because such society has a membership of

less than four hundred. The seventh clause of section five of chapter fifty-nine shall apply to such a society.

Any society transacting business under this section may, in the event of the death of the wife of a member, pay to said member a part of the amount payable at said member's death; provided that the amount so paid shall be deducted from the amount payable at the member's death, and that the total amount so paid, both at the death of the member and of the member's wife, shall not exceed the amount allowed by this section to be paid at the death of a member. Any such society may also furnish physicians and nurses for its members and their families.

Any such limited society may be incorporated, and limited fraternal benefit corporations may be formed, in the manner prescribed in and be subject to this section and to sections six, seven, nine, ten, twenty-nine, thirty, thirty-two and thirty-six and the seventh clause of section five of chapter fifty-nine; provided that no proceeding shall be instituted under said section thirty-six because such society has a membership of less than four hundred.

The recording officer of any organization subject to this or the preceding section failing to file a certified copy of its by-laws with the commissioner, whenever he so requires in writing, and also such organization shall be punished by a fine of not more than two hundred dollars. [*Approved June 2, 1922.*]
